My experience of Liverpool and Hope University has been very positive. The tutors are always very helpful if you need them and as an international student it is good to know that there is a solid support structure in place.

Outside of my studies, I am a member of the University basketball team and I enjoy going out with friends into the city. I have also been able to indulge my passion of Liverpool Football Club by working on match days in the private boxes – even though I am working I can still keep an eye on what is happening on the pitch!
