As an academic institution, Liverpool Hope's campuses and facilities are all designed to make learning a positive and dynamic experience. This means it is the ideal setting for conferences, seminars and workshops that need to engage and stimulate delegates. Our audio visual facilities and services range from WiFi, Smart Boards, projectors and computers in most rooms, to streaming events live over the internet.

Whether you need interview room hire or your organising a complex residential conference, we can help. After all, we know how important successful events can be to organisations, and we therefore always endeavour to exceed your and your delegates' expectations.

You can hire venues at both of the University's Liverpool campuses; Hope Park in Childwall and the city centre Creative Campus. Each campus has its own unique sense of place that helps distinguish events and leave delegates with lasting positive impressions. Hope Park is a spacious 37-acre campus characterised by a harmonious balance of strikingly designed modern architecture sitting alongside classical collegiate buildings, connected by beautifully landscaped gardens, which are ideal for delegates to relax in between sessions. The Creative Campus features the thoughtfully renovated Grade II listed Cornerstone Building, with its impressive Great Hall and the multi award-winning Renaissance style Angel Field garden.

Liverpool Hope also operates Plas Caerdeon Outdoor Education Centre, set on a private estate in the breathtaking Snowdonia National Park. So if you are looking for more invigorating team building or challenging away days, contact us for further information.

Angel Field

Angel Field at the Creative Campus is no ordinary garden.

Inspired by the gardens of the Renaissance and emblematic both of the University's educational philosophy and its Christian foundations, Angel Field offers a place for relaxation and reflection.

The garden is designed in sections, creating a sense of flow and space. Quotations skilfully set into stone feature among the flowers and shrubbery and evoke the theme of each area.

Origins is a belt of woodland with a circular pool and the words of St Thomas Aquinas: "Nothing is in the intellect that was not first in the senses."

The Body is an apple orchard set in a small area of wildflower meadow. On scattered stones are the words of Pied Beauty, by local poet-priest Gerard Manley Hopkins, who worked at St. Francis Xavier Church, which overlooks the garden, in the 1880s.

The Mind features a performance area surrounded by hedges, pom-pom pines and a fountain rimmed with Shakespeare's immortal lines: "All the world's a stage/And all the men and women merely players."

The Soul is a cloister adjacent to the Cornerstone Building. A modern angel sculpture that glows of an evening stands guard and can be seen through the feature windows in the Great Hall and mezzanine.

Angel Field provides a fantastic backdrop for fashion shoots and live performances, as well as being perfect for wedding photography. If you are interested in holding an event in Angel Field, please contact us and we will be happy to discuss your requirements.
