REF2014
Research Excellence Framework

Liverpool Hope was one of only three universities in the North West, and the only one in Liverpool, to achieve Gold in the Teaching Excellence Framework (TEF). TEF was introduced by the Government to build evidence about the performance of the UK's higher education sector. Just 1 in 5 of higher education providers in the UK achieved the Gold standard.

The University also achieved great results in the most recent Research Excellence Framework, with more than a third of all academic research rated as world leading (4*) or internationally excellent (3*). Prospects for students have also been recognised as among the best in the UK, with the Destinations of Leavers from Higher Education 2016/17 Survey revealing Liverpool Hope is Top 2 in the UK and 1st in England for graduate employment.
