

RNIB Bookshare scheme

How can Bookshare help me?

Bookshare is useful for looking for a specific book or author, but it can also be used to search for books on a particular subject by using key words or terms that best describe your topic.

The following instructions should help you get started, but if you need any other help or support then please email the library AskaLibrarian@hope.ac.uk

If a text you need is not available on Bookshare, please email AskaLibrarian@hope.ac.uk and we will endeavour to get the text. Please do not request it directly from the RNIB Bookshare site.
