

Reflections at the close of the Assembly

☺ Excellent location. Excellent talks. Documentation – what quality.

☹ No opportunity for wives to meet together

Stimulating.

Reflective.

Excellent.

Where does one start in trying to establish the needs of the parish / surrounds – How does this align with the deacon's role.

Today's children are more self-aware than any previous generation. They don't accept injustice. They want fairness and equality, in all aspects of life. The church needs to think and act the same way, if it is to grow and truly be an image of God in this time and place – 50% of the human population is female!

Bidding prayers by Deacons?!

Great weekend but a pity there is only Southern (St Mary's) and Liverpool only! Where's the rest?

Would anyone like to share a taxi to Liverpool Lime Street station on Sunday?
