

Summer Study Abroad

UK Social Care

We are delighted to offer 3 week courses in May and June on a range of interdisciplinary themes for our partner universities. We do hope you will join us.

Cost:

3 week course: £2,800*.

**The higher price takes account of a payment to a social care setting for hosting visits.*

Course theme: UK Social Care

Students will learn about Social Care in the UK before visiting one of Merseyside's largest charities, observing who work with a range of different service user groups in a variety of projects. Those projects could involve older peoples services, parental wellbeing services, learning disabilities services, services for female offenders, or families affected by a parent in prison.

This course would benefit students of Sociology, Psychology, Health, Nursing or related subjects. Students will need to provide a local police check from home.

This course is dependent on viable numbers.

Liverpool

Liverpool is a city like no other. From world-famous architecture and magnificent museums, to music legends revolutionising popular culture, Liverpool has always been a hub of creativity. Through spectacular festivals, dramatic sporting attractions and unique art, the city continues to

be a gateway for UK culture, attracting millions of visitors every year.

Summer Study Abroad program

Designed to meet the needs of students majoring in a variety of subjects, the programs will be based at Liverpool Hope University. Social Care students will spend their time split between classes on campus and visits to the social care setting. Social Care students will have the opportunity to join other Summer Study Abroad students for:

1. Evening social activities for all Summer Study Abroad students.
2. Weekend trips for Summer Study Abroad students.
3. Some afternoon cultural activities/trips.

(Some of these activities may have a small additional cost, including local transport.)

In the third week, students will develop skills in independent and team working, time management, presentation and critical thinking, and analysis as they work on assessment tasks.

Academic classes

You will be taught by Liverpool Hope University faculty members in preparation for beginning your placement.
